

GPS TRACKING & PRIVACY DISCLOSURE

Vehicle Rental Division

Renter Full Legal Name:

Vehicle (Year / Make / Model / VIN):

Rental Start Date:

1. Notice of GPS Device

The Vehicle described above is equipped with one or more GPS tracking devices. The device is installed for legitimate fleet management, vehicle recovery, and theft prevention purposes. This disclosure is provided in compliance with applicable Illinois law, including 720 ILCS 5/14 and related statutes governing electronic surveillance and vehicle tracking.

2. Data Collected

The GPS device may collect and transmit the following data:

- Real-time and historical vehicle location (latitude/longitude)
- Vehicle speed and acceleration/deceleration data
- Engine on/off status and ignition events
- Mileage and route history
- Geofence entry/exit alerts
- Idle time and trip duration

3. Permitted Uses of GPS Data

Owner may use GPS data for the following purposes only:

- Locating and recovering the Vehicle in the event of theft, abandonment, or unauthorized use
- Verifying compliance with the Rental Agreement, including geographic restrictions
- Monitoring Vehicle usage for fleet management purposes
- Providing data to law enforcement or insurance carriers in connection with accidents, theft, or criminal activity
- Enforcing the terms of the Rental Agreement

Providing GPS data, location history, route history, speed data, and related records to Owner's attorneys, collection agencies, repossession agents, investigators, insurers, law enforcement agencies, and other authorized representatives as reasonably necessary to enforce the Rental Agreement or protect Owner's rights.

4. Renter's Acknowledgment

By signing below, Renter acknowledges and agrees that:

- Renter has been informed of the presence of GPS tracking technology in the Vehicle prior to taking possession.
- Renter consents to the collection and use of Vehicle location data as described above.
- Renter has no reasonable expectation of privacy with respect to the Vehicle's location, speed, or usage data while operating the rented Vehicle.
- Tampering with, disabling, removing, or obstructing the GPS device constitutes a material default under the Rental Agreement and may constitute a criminal offense under Illinois law.
- GPS data may be used as evidence in any dispute, legal proceeding, or insurance claim arising from Renter's use of the Vehicle.

Renter waives any claim against Owner arising from the lawful collection, storage, use, disclosure, or retention of GPS data in accordance with this Disclosure and the Rental Agreement.

5. Illinois Compliance

This disclosure is provided pursuant to Illinois law. The GPS tracking described herein is lawful under Illinois statutes governing vehicle tracking by the vehicle's owner for fleet management and recovery purposes. Renter's written consent, provided by signature below, satisfies any applicable notice or consent requirements.

6. Data Retention

GPS data collected during the rental term may be retained by Owner for any period determined by Owner in its sole discretion and may be retained indefinitely if reasonably necessary for business, legal, insurance, recovery, compliance, evidentiary, or recordkeeping purposes.
